## BFL282 | GENERAL INFORMATION

Two lamp T5 architectural fixture

Project: \_\_\_\_\_\_ Type: \_\_\_\_\_

## SPECIFICATIONS

Fully assembled housing is formed and welded, 20 ga. steel, chemically treated to resist corrosion and enhance paint adhesion

Standard finish is high reflectance, white semi-gloss powder coat, applied post production (consult factory for custom finishes)

Includes exclusive lever assist lamp holder (LPSS)

Available for two T5 8W, 13W, 14W, 21W, 28W, 35W and high output 24W, 39W, 54W, 80W lamps in single length and some tandem lengths

Standard ballast is 120V or 277V instant start for 8W and 13W lamps and specification grade 120V-277V program start for all other lamps (consult factory for other voltage options)

Dimming, emergency battery backup and specialized ballast factor options available (consult factory for availability)

Knock outs accept standard electrical fittings by others

Accessories include aircraft cable kit and various reflectors

Limited one year warranty

UL and C-UL listed for dry and damp locations

IBEW manufactured and assembled

Made in U.S.A.
