

Project: \_\_\_\_\_ Type: \_\_\_\_\_

FEATURES

The Chill® HB2 acoustic baffle compliments the HL2 luminaire, enhancing interior spaces with subtle to bold colors, while damping sound reflections. The 2" wide frame is clad with ½" thick felt acoustic panels in 8", 12" or 16" heights and twenty standard colors. The fixture housing is available in several architectural finishes, as well as optional RAL finishes to coordinate with panel colors. Fixture end treatments include matching acoustic material, machined aluminum end caps with powder coat or printed imagery options or solid wood end caps in a variety of finishes.

SPECIFICATIONS

Fixture constructed of heavy gauge sheet formed steel and aluminum and PET acoustic felt panels.

Model variations offered for cable suspended and wall mount applications as 2'-8' nominal single fixtures and continuous runs up to 50'.

The ½" thick, 100% PET (>75% recycled), fire rated (ASTM E84 Class B) 0.98 NRC acoustic felt panels feature a bottom beveled edge, extended ends and are available in twenty standard colors.

Fixture end treatment options available in matching acoustic material or machined aluminum end caps with standard powder coat, optional RAL finishes, high resolution digital imagery or solid wood end caps.

Fixture housing available in standard powder coat finishes and optional RAL finishes coordinated to the panel colors.

Limited five year warranty.

DESCRIPTION

C4 and C8

CABLE MOUNT

Mounting option includes:

- Ø 1/16" x 48" (C4) or 96" (C8) aircraft cables
- Ø 5" white canopies
- Ceiling couplers, cable grippers and hardware

## ACOUSTIC PANEL COLOR KEY

Chill acoustic panels are made from 100% PET (>75% recycled) colored felt fibers. The 1/2" thick, cohesive material construction traps sound waves and aids in reducing sound reflections within interior spaces (0.98 NRC). Lightweight and durable, the panels are also fire rated (ASTM E84 Class B). The twenty standard colors can be paired with matching acoustic ends, wood end caps or metal end caps in six standard powder coat finishes, optional coordinating RAL colors or Faux finishes.

Note: Ordering Code shown above color image.

Optional coordinating RAL finish for end cap and fixture housing shown in parenthesis.

## RUN INFORMATION

Specify run length to the nearest one foot. Factory will configure using the least quantity of fixtures as close to the desired run length as possible without exceeding the length. Mounting points will be located to provide the most even appearance possible. Consult factory for other mounting options.

## Runs to be confirmed with a shop drawing.
