## UL WET RATED

Employs specialized waterproof components to achieve a UL wet rating in a unique way from the industry norm

## MOISTURE-PROOF

Should any moisture accumulate inside the fixture, it is routed out through engineered channels in the housing

## NO UNSIGHTLY SEALING HARDWARE

By exploiting the full capabilities of unique wet rated components on the interior of the luminaire, the need for excessive sealing hardware has been eliminated

## MODERN AND MINIMAL

The minimal design compliments any exterior environment

## MULTIPLE CONFIGURATIONS

Available as surface mount, wall mount, corner mount or arm mount
